**LODZ  
23-29 JUNE 2019**

Dear Friends,

I am happy to greet you at the 12th European Universities Badminton Championship in Lodz, Poland!

On behalf of the whole EUSA community, I would like to express my gratitude for inviting European student-athletes here. It's a wonderful occasion to be together and experience the beauty of sport. I am pleased to see so many sport lovers, who share values of Fair Play, equal opportunities and education, promoted by EUSA.

European Universities Championships 2019 organized in 23 sports make it possible for student-athletes to get to know each other and challenge their skills in a friendly atmosphere. During such events we do more than just sport – we broaden our horizons, get to know other cultures, we promote healthy mind in a healthy body.

Being an organizer of such an event is challenging but rewarding. I know it's a hard task, and I want to express my appreciation to the Organizing Committee and its Partners for the great job they have done. And of course, my gratitude to the Authorities for their auspices of this event.

I believe that this Championship will bring the participants positive experiences and good results. I am sure that the athletes will compete in a Fair Play manner, respecting the rules and their opponents and please the spectators with their performance.

I hope you will enjoy your stay, your achievements and your time spent in Lodz!

Good luck!

**Adam Roczek**  
EUSA President

Ladies and Gentlemen,

I am happy that Lodz University of Technology is the host of the 2019 European Universities Badminton Championship. In the coming days, over 100 players representing 12 countries will compete in Lodz. The championship is yet another sporting event of this rank to be organized by the University Sports Association operating under the auspices of Lodz University of Technology.

Sports is extraordinarily important for personal development, therefore, in many different ways, we enthusiastically encourage and support physical activity and sportsmanship. With this in mind, we opened TUL Sports and Education Centre 'Sports Bay' - the venue of the 2019 European Universities Badminton Championship games and an important spot on the sports map of the region of Lodz.

I wish all teams great results, intense sports emotions, and a wonderful atmosphere during the championship games. I am convinced that the time spent in Lodz, a truly multicultural and academic city, will be unforgettable.

**Prof. Sławomir Wiak**

Rector of Lodz University of Technology

# FAIR PLAY

Fair play is deeply embedded in the values of EUSA. The objective of promotion and encouragement of Fair Play is already set in the statutes of EUSA, as part of the core objectives of the organisation. Partnership with the European Fair Play Movement in 2013 proves this even more. Since 2007, EUSA announces the best gesture of fair play in its sports event for the current year and awards the winners the special fair play recognition, Enno Harms Fair Play Award, named after the first EUSA President, a person very much devoted to fair play.

At every EUSA sport event, the organisers, EUSA representatives, and technical delegates pay special attention to the fair play gestures and attitude throughout the duration of the event. By participating at an EUSA sport event, participants are thereby swearing on an oath of respect and fair play. The oath is announced to the world by the student athletes, and by the officials before the official opening of any EUSA sport event.

A first in 2017, EUSA introduced the Fair Play green card at the European Universities Football Championship as a result of the close cooperation with the European Fair Play Movement. We are proud to see a successful introduction of this green card, which further promotes the values of Fair Play and good sportsmanship gestures on the field. As a result of these actions the people involved with the first showing of the Fair Play green card were welcomed at EUSA Gala 2018 in Madrid to collect the 2017 Enno Harms Fair Play award.

The prestigious annual EUSA Enno Harms Fair Play Award is awarded Athletes demonstrating fair play during the matches, following the rules and pursuing a “clean” game are awarded with a fair play recognition already during the event. EUSA Executive Committee members on its last meeting each year discuss the proposals received from all sporting events governed by EUSA in that year and select the team or individual to receive the Enno Harms Fair Play award which is formally handed to them at a special occasion – usually at EUSA Gala.

# ANTI-DOPING

Doping is not a guarantee of success in sport. In fact, its effect is usually the opposite. A lot of elite sportsmen and sportswomen who did doping got caught. As a result, they lost pride and were banned for at least 2 years from participating in a sport they loved and lived for. An even bigger problem of doping are the effects on the body.

In elite sports, doping is defined as a violation of one or more anti-doping rules:

1. Presence of a prohibited substance in an athlete's sample
2. Use or attempted use of a prohibited substance or method
3. Refusing to submit sample collection after being notified
4. Failure to file athlete whereabouts information & missed tests
5. Tampering with any part of the doping control process
6. Possession of a prohibited substance or method
7. Trafficking a prohibited substance or method
8. Administering or attempting to administer a prohibited substance or method to an athlete

You can find the list of prohibited substances and methods on the internet. It's updated every year by the World Anti-Doping Agency (WADA) and it's valid for every sport. You should check every substance you are taking. Athletes need to completely avoid steroids, erythropoietin (EPO), stimulants, human growth hormone (HGH), marijuana and narcotics, and pay special attention also to dietary or nutritional supplements.

EUSA is active in Anti-Doping promotion, and has been a partner in the European Anti-Doping Initiative (EADIn), project aimed at establishing an European-wide Anti-Doping mentality in the youth sector by establishing a moral tenor towards concepts such as Fair-play, sensitizing and raising awareness on all levels of the complex social environment surrounding the doping problematic and implementing strategies to motivate young people to pass on the message and create a strong multiplying effect. Also the International University Sport Federation (FISU) has been actively promoting sports without drugs, also on university sport level.

EUSA is currently not enforcing doping tests at our events. In accordance with the national legislation of the host countries, however, doping controls may be implemented by the National Anti-Doping Agencies. If such doping tests are executed, the WADA rules and regulations are applicable to all athletes. Please remember that testing can be conducted in-competition and out-of-competition. If you are identified in a Registered Testing Pool (RTP), you must provide current and accurate whereabouts information.

What can you do to be an excellent sportsman or sportswoman?

- Practice right and live healthy
- Get more information about consequences of Doping
- Play fair and be a good role model to younger athletes
- Be committed to sport without doping
